## 2016 Regulations

For more information communicate with series registrar by email at [info@ecrc-crec.ca](mailto:info@ecrc-crec.ca).

ECRC uses the results of 9 regional events held in the eastern part of Canada in order to establish a scoring among participants at those events, except for drivers having a speed factor of 85 or more. If the status of an event listed in the championship is national and regional, the regional event is taken in account.

This Series is fully supported by Canadian Association of Rallysport (CARS) and all events are sanctioned by CARS and the appropriate regional association Rallye Sport Québec, Rally Sport Ontario or Atlantic Region Motor Sport.
