For more information communicate with series registrar by email at [info@ecrc-crec.ca](mailto:info@ecrc-crec.ca).

ECRC 2019 uses the results of 8 regional events held in the eastern part of Canada in order to establish a scoring among eligible participants at those events. If the status of an event listed in the championship is national and regional, the regional event is taken in account.

This Series is fully supported by Canadian Association of Rallysport (CARS) and all events are sanctioned by CARS and the appropriate regional association Rallye Sport Québec, Rally Sport Ontario or Atlantic Region Motor Sport.

## Points

Co-driver gets the same points as the driver.

The speed factor list used will be the CARS speed factor list or the speed factor determine by the organizers of the event if not on the CARS list.

## Results

The ECRC results at an event will be published on the official notice board after the posting of the final official general results.
